The two most important factors for success in learning a second language are: frequency of exposure and home reinforcement. ChinaKids strongly recommends that children come at least twice weekly - at a minimum. Frequency in addition to any parental reinforcement at home will make a tremendous difference in how quickly your child learns. Please consider attending the Parent Classes in order to learn basic phrases that you can use immediately at home with your family. ChinaKids has tried to make it more financially feasible with the tuition structure below.

Tuition includes many cultural activities throughout the year, priority enrollment for our popular Cooking Series and Tai Chi as well as a class CD that provides families with auditory assistance at home. ChinaKids will also continue to help provide access to wonderful children's music CDs and act as a resource for any questions you may have.

Finally, the Outdoor Adventures Series line item at the bottom of the page is ChinaKids' attempt to get busy kids increased exposure to Mandarin Chinese. These exciting classes take place outside of the classroom in order for children to use the language first hand in real life settings (i.e., grocery stores, the zoo, the train, etc...). Children must be 5 years of age or older to enroll. Tuition includes three outings for the winter/spring semester. Classes will be held on Saturday afternoons at approximately 3:30pm and should last approximately 2-3 hours. Two teachers will be present. Dates TBD. Space is limited so please enroll now if interested.

Many of the class days and times fill up quickly. Please fill out and return as soon as possible. Please refer to the attached class schedule, circle choice of Day, and fill in time and respective rate in space provided to the right and total at the bottom. Enrollment is on a first come first serve basis (please note that the Saturday 9:30am class only has three spots left).
